-------------------	---

Free match	Free match The naturally scattered materials do not require matching patterns between panels.
-------------------	--

Overlap and double-cut	Each panel overlaps approx. 2 cm with the one next to it. Please note the edge tolerance.
-------------------------------	---

Wallpapering technique	Do not apply glue to the back of the wallpaper, but to the surface. Please note our glue recommendations.
-------------------------------	---

Processing

Wallpaper

Installation of Organoid® natural surfaces on flax fleece as a wallpaper:

- Wall-pasting technique
- Pay attention to Organoid glue recommendations
- Double cut: Each panel overlaps with the one next to it (approx. 2 cm)
- Cut with scissors, cutter or plotter
- Pre-trials recommended
- In the case of wallpapers, the effect is to be checked after processing three strips. Claims that go beyond the replacement of defective goods will not be accepted.

Processing

Décor

Installation of Organoid® natural surfaces on flax fleece in woodworking (décor):

- Process with normal wood-working machinery
- Glue (e.g. white glue) is applied onto the wooden materials, as the fleece absorbs moisture and glue stains may appear on the front if glue is applied to the fleece
- Cover the natural surface with the enclosed separating paper
- pressing temperature. 60°C
- For sensitive wood-working applications, use a counter-balance (enclosed on request)
- Cut with scissors, cutter or plotter
- Pre-trials recommended

Processing
