

MOSS MIX - on flax backing, adhesive foil

Artikel Nr. MOSMIX0085FVSST

Light and dark green moss from upcycling on breathable flax fleece or flax fleece with PVC-free adhesive foil.

A forest bath, please! This natural surface combines lush greenery with the moisture-regulating properties of real moss, creating a vibrant experience for the senses. Different moss varieties offer a harmonious interplay of texture and colour, bringing the freshness of the forest directly into your space. Treat yourself to a piece of nature that soothes and sustainably improves the indoor climate.

Order your DIN A5 sample now!
