

SKELETON LEAVES - on adhesive foil (translucent)

Artikel Nr. SKL000001OSKTRW

Delicate skeleton leaves from the rubber tree in full-surface application (approx. 200 pieces per m²). Translucent on PVC-free adhesive foil.

Delicate masterpieces of nature! This unique surface showcases the fine structure of skeleton leaves, lending your space a naturally elegant charm. The intricate leaves evoke the fragility of nature, while their texture adds depth and individuality. Perfect for those who wish to experience nature's artistry in its purest form. SKELETON LEAVES is ideal as a privacy screen or for sophisticated backlighting, thanks to its translucent quality.

Order your DIN A5 sample now!

Delicate skeleton leaves in full, premium coverage (approx. 200 pro m²), hand-picked, on a translucent self-adhesive backing – creates a beautiful effect when put in front of a light source or on glass.
