 $\begin{array}{ll} \text{Thickness} & \text{1.4 mm} \\ \text{Weight} & \text{770 g/m}^2 \end{array}$ 

Product requirements

Food-safety

Binding agent safe for usage in contact with

food in accordance with EU-regulation

1935/2004

**Backing material** Material Non-woven blend of flax and viscose

on self-adhesive foil

Properties Strong adhesive, backing made from

renewable resources

Requirements PVC-free

Contains no dangerous substances in

accordance with annex 2, § 3 of the regulation

(EC) 1907/2006

heat-resistant up to 120° C

Technical implementation

Cut

Use scissors, a cutter or a plotter

Edges Allow for imperfections 1-2 mm around

the edges

How to install Draw the release paper from the self-adhesive

foil, place on chosen surface (dry application)

Pay attention to Exact placement of the foil is important, as

readjustments are not possible due to the strong adhesive qualities of the product

Acclimatisation of Organoid natural surfaces:

- Bring product to room temperature before unpacking
- Store product protected from light, at about 20°C and 50-65 % relative humidity
